INFORMED CONSENT FOR CHIROPRACTIC CARE

Chiropractic care, like all forms of health care while offering considerable benefits may also provide some level of risk. This level of risk is most often very minimal, yet in rare cases, injury has been associated with chiropractic care. The types of complications that have been reported secondary to chiropractic care include: sprain/strain injuries, irritation of a disc condition, and rarely, fractures. One of the rarest complications associated with chiropractic care occurring at a rate between one instance per one million to one per two million cervical spine (neck) adjustments may be a vertebral injury that could lead to a stroke. Prior to receiving chiropractic care in the chiropractic office, a health history and physical examination will be completed. These procedures are performed to assess your specific conditions, your overall health and in particular your spinal health. These procedures will assist us in determining if chiropractic care is needed, or if any further examinations or studies are needed. In addition, they will help us determine if there is any reason to modify your care or provide you with a referral to another health care provider. All relevant finding will be reported to you along with a care plan prior to beginning care.

- I understand and accept that there are risks associated with chiropractic care and give consent to the examination that the doctor deems necessary and the chiropractic care, including spinal adjustments, as reported following my assessment.
- I authorize and request payment of insurance benefits directly to the doctors at Highest Health Chiropractic. I agree that this authorization will cover all services rendered until I revoke the authorization. I agree that a photocopy of this form may be used in place of the original. All professional services rendered are charged to the practice member. It is customary to pay for services when rendered unless other arrangements have been made in advance. I understand that I am financially responsible for charges not covered by this assignment. This pertains to any and ALL services rendered.

NO CALL NO SHOW POLICY

In our office we reserve our time to serve you and your family. We understand that life happens, and appointments may need to be changed or canceled for emergent reasons. In this event we request that you give our office a call ASAP to change your scheduled appointment OR use your SKED appt. on your phone. We base our schedule and staffing needs on the anticipation of everybody making their appointments, making each scheduled appointment very important. Most importantly, it affects our committed practice members and others who rely on their scheduled time and who could have taken someone else's missed appointment spot. TWO "no call no shows" for regular adjustments are granted to a practice member in the event of an emergency, but there is no tolerance for chronic "no call no shows". Following the 3rd "no call no show" our billing department will automatically apply a $25 "no call no show" fee to the credit/debit card on file per family member at the end of the business day. For special appointment codes that require an evaluation room and a team member (Example: reevaluations, x-rays, Annual Health Reviews, etc.) our billing department will automatically apply a $25 "no call no show" fee to the credit/debit card on file per family member at the end of the business day for all missed special appointments. Ultimately, being consistent with your care will yield the best results for your health.

- I understand the above cancellation policy as well as the penalty fees that may be applied to my credit/debit card.
